

## MAY ASK FOR VOLUNTEERS

**Army Selection Board Likely to Use  
This Method to Get Next  
Increment**

### FAULT OF DISTRICT BOARD

**State Conscription Agent is Con-  
sulted—Red Cross not to At-  
tempt to Feed Men**

With twenty-six men scheduled to leave Rushville one week from Friday for Camp Taylor, Louisville, Ky., the local board faces a problem of knowing who these men are to be. Thus far the district board has not acted on the Rush county cases and in case no action is taken in time to notify the men, the board here will face the task of picking 26 men who will represent 40 per cent of the county's quota.

The men who are to go on this trip to Louisville should know by this time and in view of this fact the local board was in communication with Jesse Eschbach, state conscription agent today asking what to do. The state agent informed the board that there was nothing to do but write the district board urging a little more speed and then if results were not obtained for the local board to pick 26 men for the trip.

The board in picking 26 men will have to be careful not to go too far down the list as some one might be sent to the camp at Louisville who was not entitled to go in this increment. With the date definitely set as next Friday, the men should have the official notice at this time. It puts the men in a bad situation as they do not know where they stand. The board here, if word is not received shortly, may ask for volunteers to make up the 26 men, but even then this would be a difficult task as the rules provide that no one not entitled to go in this list shall be sent.

In the official notice notifying the local board that the date for sending the 40 per cent quota is Sept. 21, the local board is urged in so far as possible to make the list contain electricians, cooks, mechanics, clerks or stenographers. This ruling cannot be followed very closely here as the board will not likely know who is going only a short time before the departure and it would be impossible to select the men asked for in the communication.

The men going on this trip to Louisville are urged by the government officials not to wear low shoes and should carry suit cases if possible. The men leaving after 11:30 o'clock in the morning should have had their lunch, according to the official order.

The local board received a letter this morning from Eli Kinney, who was in the first increment to go to Camp Taylor, telling the board that hereafter it would be best not to supply the men leaving here with lunches but to give them meal tickets as they were taken to a restaurant and fed before going on out to the camp. The men leave here at 7:10 in the morning and will thus reach Louisville in time for dinner. The advice of Kinney will likely be followed in sending the 40 per cent to the camp. Kinney stated that he liked the camp very much. Charles Stiffler is in his company and he said that one evening Capt. Perry O Neal of this city visited the boys.

The Rush county Red Cross will not make any effort to serve refreshments to the men bound for Camp Taylor who will pass through here September 21 and 22. In fact, feeding men who are on the way to cantonments is discouraged in a bulletin issued by the government. It is desired by the authorities that no

## PROCEEDS GO TO RED CROSS

**Rosemary Pfaff Entertainment at  
Christian Church Sept. 25**

The entertainment by Miss Rosemary Pfaff, assisted by her father, Mark H. Pfaff, who gives humorous readings, will be held at the Main Street Christian church Tuesday evening, September 25, and all proceeds above the actual expenses will go to the Red Cross. Miss Pfaff, who lives in Indianapolis, is a musical phenom who comes highly recommended. She is extremely talented for one of her age. She will be assisted by an accompanist. The admission fee will be 25 cents. Mrs. Will Meredith made it possible to get Miss Pfaff here.

## MERCHANT KEEPS CHANGE ON ACCOUNT

**John B. Morris Charged With Petit  
Larceny by Frederick Boxley  
Who Gave \$10 Bill.**

### BOUGHT NAILS FOR 5 CENTS

An affidavit charging petit larceny was filed in police court today by Frederick Boxley, piano dealer, against John B. Morris, hardware merchant. The date for the arraignment has not been set. Boxley alleges that he purchased five cents worth of nails yesterday at the Morris store and tendered Mr. Morris a \$10 bill in payment. Instead of giving him his change, Mr. Boxley alleges Mr. Morris applied the balance of \$9.95 on an account he owed him and thus charges Morris with taking the \$9.95.

Mr. Morris contends that the account was an old one and that this was the first opportunity he had had of collecting it. The right of a merchant to collect money in this method will likely be determined in this case.

## KNIGHTSTOWN MAN ELECTED MODERATOR

**Semi-Annual Meeting of Whitewater  
Presbytery Closes at Clarks-  
burg Church**

### DINNER IN NEW BASEMENT

The Rev. G. M. Whitenack of the Knightstown Presbyterian church was elected moderator of the Whitewater Presbytery at the semi-annual meeting at Clarksburg yesterday. The Rev. D. Ira Lambert of the First Presbyterian church of this city attended.

Dr. Frank Hood of Indianapolis and Dr. Grossman of Franklin delivered addresses yesterday morning and a business meeting was conducted during the afternoon.

The basement to the Clarksburg church has just been completed and dinner was served in it for the first time yesterday. Thirty-one visiting ministers and fifteen elders enjoyed the dinner.

The retiring moderator, Dr. D. R. Moore of Dunlapville, spoke at the opening session Monday evening and a musical program was given.

### NOTICE TO H. S. PUPILS

S. F. Stewart, principal of the high school, announced today that pupils entering high school for the first time or those who have failures or any other irregularities are asked to report at the high school office between 10 and 12 o'clock either Thursday or Friday.

Robert Pitman, age eight years, son of Mr. and Mrs. Ed Pitman, was bitten in the face by Harry Kramer's dog in front of the Kramer residence yesterday, but will not suffer any serious results from the injury.

## GLOWING TRIBUTE TO COL. E. H. WOLFE

**Resolutions Are Adopted at Annual  
Reunion of His Regiment, 52nd  
Indiana Volunteers**

### IS HELD AT CASTLETON, IND.

**Six Survivors in This County, But  
Only One is Able to Attend  
The Gathering**

Jabez Smith has received a copy of the resolutions adopted on the death of Colonel E. H. Wolfe at the annual reunion of the Fifty-second Indiana volunteers, his regiment in the civil war, which was held at Castleton, Ind., last week.

Alfred Pearsey was the only survivor of the regiment in this county who was able to attend. Other members of the regiment living in this county are: Jabez Smith, Harrison F. Carney, Mell Brooks, Patrick McLaughlin and Drury Holt of Carthage. W. S. Conde of California, formerly of this city, is also a survivor of Col. Wolfe's regiment.

Glowing tribute was paid to the late colonel in the following resolutions which were adopted by the survivors of the regiment:

From the survivors of the 52nd Ind. Volunteers.

To the people of Rushville, Ind., and all others who may have known Colonel E. H. Wolfe late of the 52nd Indiana Volunteers.

At the 29th annual reunion of the survivors of Colonel Wolfe's regiment, it being the first opportunity since the death of our lamented Colonel, a committee was appointed to place on file resolutions of the deep sorrow that his death caused his survivors and to tell the people of Rushville and all others of the high esteem in which we held our Colonel. The committee feels itself incompetent to do this duty right. As a soldier he was highly competent and fearless.

We first met Major Wolfe in the trenches of Fort Donelson. Two regiments having been consolidated and hurried to the field, we did not know each other until after the battle of Fort Donelson. The impressions that the Major made there will last in memory. We followed him to Shilo, Corinth, to Memphis and up and down the Mississippi river from Columbus, Ky., to the mouth of Red River where duty was very hazardous. Colonel Wolfe did the duty with much credit to himself and regiment.

We followed him in that hard and long campaign from St. Louis to Kansas City, back to Nashville, Tenn., where the valor of Colonel Wolfe was again felt by the enemy. At the head of his brigade he was two days actively in front. He led his brigade, his own regiment in front, directly in front and past the enemies' artilleries when they were doing death rapidly. We cannot do justice to his ability and courage here and elsewhere. Here he again made lasting impressions on the minds of his followers. He will be remembered as long as one of his regiment lives.

P. L. NEGLEY,  
Chairman of Committee.

## TWO AIRSHIPS COLLIDE

**Meet 400 Feet Above Ground and  
Pilots Killed at San Diego**

San Diego, Cal., Sept. 12.—Edward M. Walsh and Theodore E. Lyman, privates in the United States signal corps, were killed here today in one of the most sensational aviation accidents in American history.

Aeroplanes piloted by the two men crashed together 400 feet above the earth. Both machines burst into flames and fell to the ground. From the blazing mass the men were recovered. Both were dead. An investigation board has started work.

## CLASH EXPECTED AT ANY MOMENT

**Russian Provisional Government  
Troops And Gen. Korniloff's For-  
ces Advancing**

### APPROACHING TSARKO SELO

**Progress of Rebel's Men 20 Miles  
From Petrograd Stopped By  
Sharpshooters**

### BULLETIN

(By United Press.)

Petrograd, Sept. 12.—The provisional government has proclaimed a state of martial law.

By WILLIAM G. SHEPHERD

(U. P. Staff Correspondent.)

Petrograd, Sept. 12.—Tsarko Selo, where the czar formerly spent most of his time may be the scene of the first big clash between General Korniloff's rebels and the provisional troops.

Reports received here today said the revolting forces were advancing rapidly towards that point—20 miles from the city—and that a clash was expected.

Progress of Korniloff's forces was stopped at one point 20 miles beyond the city by 1,000 government sharpshooters, according to word received here.

In another direction the encircling attempt of Korniloff's rebels has reached 19 miles from the city.

Reports asserted that Gen. Klembovsky, commander of Russia's army, has joined Korniloff.

General Korniloff plans to place the head of the Dolgorouki family on the throne of Russia, according to reports received here.

One member of that family is now in exile with the former czar at Tobolsk, and presumably it is this representative of the family which the revolting general aspires to put into power. He is one of the great nobles in Russia.

The government is still without news concerning the military situation. A further report is to the effect that at 10 o'clock Monday night two columns of Korniloff's troops entered Gathiena, thirty-five miles from Petrograd, without opposition and that other forces are moving or Tosno, with the aim of cutting the Petrograd railroad. During the night telephonic communication with Tver (central Russia) ceased.

It is stated that former Minister of War Sazhikov intends to command the government troops, the other generals having refused to do so, while Gen. Klembovsky, commander of the northern army, has now definitely championed Korniloff's cause.

The army of Gen. Korniloff operating against the capital is believed to consist of the following: Several Cossack regiments, the First Cavalry Corps, the "Savage Division," Tekke-Turkoman horsemen, a so-called "striking battalion" of picked men organized to fight against Germany, so-called Korniloff's battalion, railroad and sapper units heavy artillery of four divisions and some batteries of light artillery.

The artillery troops are in command of Gen. Koynef, former commander of a cavalry corps.

Conditions in the city are chaotic and the new republic, faced with civil war in addition to military collapse on the German fighting front and with its leaders in Petrograd menaced by traitors and anarchists, appears tottering on the verge of complete disaster.

Rumors have been circulated that Premier Kerensky has been killed by a member of the Bolsheviks, but they can not be confirmed.

It is too early to determine the sentiment of the masses, although it is believed they will remain loyal to Kerensky. So sudden has been the reshaping of conditions following Gen. Korniloff's attempted coup that even the population of Petrograd

## DRAFT CAUSES MAN TO TRY SUICIDE TODAY

Walter Graham, son of Mr. and Mrs. Joe Graham of the Pin Hook neighborhood south of the city, attempted suicide this afternoon about three o'clock and is not expected to live long. He shot himself through the head with a revolver. He was of draft age and it is said that the prospect of going to the army so preyed on his mind that he became unbalanced mentally and tried to take his life. Word from his home at four o'clock was that he could not survive.

## GERMAN CHARGE IS HANDED PASSPORTS

**Count Luxemburg is Dismissed by Ar-  
gentina Today, Which Was  
Foregone Conclusion.**

### OUT OF CITY UNTIL TODAY

By CHARLES P. STEWART

(U. P. Staff Correspondent.)

Buenos Aires, Sept. 12.—The Argentine foreign office today handed passports to Count Luxemburg, the German charge.

Dismissal of the German envoy had been a foregone conclusion since the United States revealed his correspondence with Berlin, conducted secretly through the agency of the Swedish embassy. Luxemburg was out of the city at the time the matter was made public and only returned to the capital this morning. He had an interview with the foreign minister early in the day and then departed for the German legation.

## MAY ANGLE FOR A SEPARATE PEACE

**Germany and Austria May Seek  
Terms With United States Ir-  
respective of Allies**

### REPORTS ARE REACHING ROME

By JOHN H. HURLEY

(U. P. Staff Correspondent.)

Rome, Sept. 12.—Germany and Austria may angle for a separate peace discussion with America in their reply to Pope Benedict's peace note.

Vatican information today said there was reason to believe that the German government was speculating how long the allies would be guided by President Wilson, the spokesman of a nation which was not a party to the London compact pleading no separate peace.

Coupled with this came reports today that there was considerable agitation in Austria for a separate diplomatic discussion with President Wilson through some neutral agency.

## GOV. GOODRICH IS WORSE

**Suffers Hemorrhage, But His Condi-  
tion is Not Alarming.**

(By United Press.)

Indianapolis, Ind., Sept. 12.—The condition of Governor James P. Goodrich, suffering from typhoid fever took a sudden change for the worse early today. The executive suffered a nervous collapse which, with the high fever made his condition extremely serious.

The governor suffered an intestinal hemorrhage along with the nervous breakdown. "The condition of Governor Goodrich is not alarming," said Dr. Charles R. Sowers, attending physician this afternoon. "He has improved some during the day and is resting easier now than for several days. There is no immediate danger. The nervous condition has been relieved somewhat."

## PATRIOTIC AIR AT FAIR

**Horace Ellis Appeals For Support  
of War and Indianapolis Man  
Sells New Song**

### PRIZES ARE AWARDED TODAY

**Indications Crowd Would be up to  
Standard for Wednesday—Red  
Cross Display**

A patriotic air was lent to the Rush county fair at its opening today by a speech by Horace Ellis, state superintendent of public instruction, and by the sale of a new song, "Good-By My Soldier Boy," by W. W. Gregg of Indianapolis, whose wife composed the song. All proceeds above the expenses will remain here and be added to whatever soldiers mess fund it is desired it shall go to.

The crowd was small at noon, only a few hundred people in the grand stand hearing Mr. Ellis, but by one o'clock people began to go from Rushville and the usual Wednesday crowd was indicated.

Prizes were awarded on table luxuries, poultry, draft horses, beef breeds of cattle, jacks and mules, farm implements and lady's fancy handiwork. One of the best shows of draft teams ever seen at the county fair was made this morning.

The Connersville boys band is playing for the fair and played the accompaniment for "Good-By My Soldier Boy," when Mr. Gregg sang it. Boy Scouts sold the song at ten cents a copy on the grounds and one Boy Scout and Mrs. Gregg received the proceeds.

Thursday, as usual, will be the big day at the fair and preparations are being made for a big crowd. The custom of business houses closing to allow their employees to attend the fair will be followed.

The state superintendent of public instruction did not mince words in discussing loyalty to the government and the men of the United States who are and soon will be fighting the battles of this country. He said he was not a clergyman, but that he was going to take a text anyway.

"The big thing to realize now is," he declared, "may I have a part in the great defence of democracy that is being undertaken not only by this nation but by many others as well."

He asserted that the farmer, business man, teacher or even boy or girl who has not the idea, in their daily tasks, of doing their bit in the war, are just plain slackers.

"The big thing to know," he continued, "is that we have something to do like Joshua of old who left nothing undone as he was commanded to do."

Mr. Ellis told of experiences in Canada, where he has been on a speaking trip. At one place, Mr. Ellis said, he noted there were very few men and mature women and he inquired about it. He said he learned that the men who could fight were on the firing line and that the women were working with the Red Cross or in convalescent hospitals.

"I never found a man or woman," he exclaimed, "who had a strain of that hell-inspired, hell-acclaimed song, 'I Didn't Raise My Boy to be a Soldier.'"

"If Canada does this, Indiana should do it. I found three young men from the United States in Canadian uniforms and asked them why they were fighting in Canada. One of them said: 'Our country so long delayed entrance into this war which was our war as much as Canada's, that we enlisted with the Canadian troops.'"

Mr. Ellis said he asked them if they intended to join the forces of the United States now that she was in the war, and that they replied that they did not because they

## CAN'T FORM A NEW CABINET

M. Painleve Promises to Try to Clear up French Muddle

Paris, Sept. 12.—M. Painleve reported today he had been unable to form a new cabinet. The president urged him to continue his efforts. He consented to try again. Presumably Painleve's failure has been due to a lack of support of the socialists. It was this lack of social support which caused the downfall of the Ribot ministry.

### START FIGHT ON VICE

Gary, Sept. 12.—Active warfare against vice conditions in Gary has been started here by a "Committee of Fifteen." The committee has received its charter from the secretary of state at Indianapolis, and plans have been formulated for a continuous fight against immorality.

Prominent business men and manufacturers of the city are backing the movement.

### PATRIOTIC DAY IS HELD AT RUSH COUNTY FAIR

Continued From Page 1

would not leave the comrades which they had learned to love.

"Just as the spirit of '76 and '61 demanded sacrifices in those days," the speaker declared, "just so much does the spirit of 1917 demand sacrifices of the mothers and fathers and the boys and girls. You will be untrue to the ideals established by the men who made Rush county's history and Rush county's record in the civil war if you put a straw in the way of the young men who are about to enlist. The finest privilege accorded a man today is to be at the age where he can enlist. Some of them are coming back and they will be wearing diamonds—I mean by that they will be so regarded by their fellowmen that they will be wearing a crown studded with diamonds.

"Rush county enjoys a unique position in the very forefront because of the sacrifices she made in '61. We fought the great struggle in '76 to get democracy. We fought in '61 to keep democracy alive and in 1917 we are fighting to make the world safe for democracy and I know Rush county will do her part as she has always done.

Mr. Ellis declared that the war

would not end until the allies had crossed the Belgian border and had dictated terms of a permanent peace.

"It is a question of might or right triumphing," he declared, "and those who oppose the draft law or any other policies of congress or the government are taking the side of might.

In closing, Mr. Ellis said he heard sorrowful news just before leaving Indianapolis—that Governor Goodrich was worse today. With deep feeling he told how Governor Goodrich had worked so zealously that Indiana might do her part in the war, that he had wasted his strength and fallen sick.

The Red Cross has an unusually interesting display in a big space at the east entrance to the floral hall. The idea of setting up a work shop in the floral hall during the fair was abandoned because it was decided to be too big an undertaking. In addition to that, the light in the floral hall is bad and it is very chilly because there is no means of heating the place.

Included in the exhibit are forms dressed with garments made at the Red Cross shop here. There are samples of every sort of hospital supplies and garments as well as surgical dressings. In the display are samples of the knitting sets which the Rush County Red Cross is making. The surgical dressings are displayed in a show case.

Red Cross workers will be at the exhibit all the time during the fair to explain the Red Cross work and solicit the aid of women who have been working with the Red Cross. It will be explained that women do not have to go to Red Cross headquarters here or to the Red Cross auxiliaries in their neighborhoods to work, but that they may do some forms of sewing and knitting at home.

Membership in the Red Cross will also be taken at the display if there are any who care to join. Word has been sent to all of the auxiliaries about the exhibit and they have been requested to spread the news so that no one will miss seeing what is being done by the Red Cross.

## PLANS MADE TO DEAL WITH COAL PROBLEM

**Conservation Campaign and Advisory Board to Aid Fuel Administrator Among Them.**

**CONTROL TO BE LAST RESORT**

(By United Press.)

Washington, Sept. 12.—A great coal conservation campaign and advisory board from the coal industry to aid fuel administrator Garfield and priority relief to some sections of the country are among the government plans for dealing with coal prices.

This it was asserted today is in addition to the announced policy of speedy slolution of the price problem by state fuel mobilization of coal transportation and production.

The campaign will be started immediately. If everything else fails the coal produced will be pooled under government control and distributed by the government where most needed.

## Which is Cheapest?

IT'S mighty fine to see the interest so many farmers around here are taking in a better grade of engines. The Mogul kerosene engines we have sold up to date have all made such good records for steadiness and economy, and have proved themselves such good money makers for their owners, that we've been getting a lot of orders and inquiries lately.

Price may sell some things to farmers, but price alone is a poor argument when compared with the records for low cost of operation that Mogul kerosene engines are making in this neighborhood. If you are in the market for an engine, anywhere from 1 to 50-H. P. in size, and want some interesting facts about power at low cost, drop in and see us the next time you are in town.

### Protecting the Guardsmen

An effort is being made to better the welfare of national guardsmen who are in camp at Hattiesburg, Miss., according to the News of that city. Among other things the Hattiesburg council has enacted an ordinance to curb the social evil. This will be welcome news to the people of Rush county as this county has sent over a hundred young men there and the people here expect everything possible be done for their welfare. In speaking of the passing of the ordinance, the News says:

In their efforts to stamp out the social evil in every form the city commissioners have taken another step in passing an ordinance which forbids the transportation or bringing together of persons for lewd purposes within the city limits of Hattiesburg.

According to the law which was published for the first time yesterday it will be unlawful for owners or drivers of any kind of vehicles "to transport, offer to transport, to aid or assist in transporting directly or indirectly any person or persons in, on, over or through the streets, alleys or public ways of Hattiesburg by means of automobile or other vehicle for purposes of lewdness, assignation or prostitution or for any other unlawful or immoral purpose."

Section 2 of the new law provides that it shall be unlawful to bring together or assist in bringing together two or more persons for any immoral purposes within the corporate limits of Hattiesburg.

Any person convicted of violating the new law shall be liable to a fine of not less than \$25 nor more than \$100 or imprisonment for thirty days or both fine and imprisonment.

The new law has come into force with its publication and any person found guilty of violating it will immediately be dealt with according to its provisions.

The ordinance was suggested by I. C. Sutton, the representative of the war department of training camp activities who is detailed here in connection with Camp Shelby.

## EXAMINATION IS HELD FOR NURSES

Insistent Demand Leads States Defense Council to Examine Students For Service

### THEY MUST BE REGISTERED

(By United Press.)

Indianapolis, Sept. 12.—To meet the insistent demand for nurses for service during the war, the Indiana state Council of Defense today ordered special examinations of candidates for registration. The examination will be continued tomorrow.

Ordinarily, the examination of student nurses would have been set for Dec. 1, but the demand for nurses by the various hospital units now being organized, and from those already in the field, influenced the state council to act to meet this need.

The Red Cross accepts only registered nurses for war service, members of the defense council pointed out today, and it is essential therefore that patriotic Hoosier young women who wish to serve, obtain their credentials before leaving home. A certificate from the Indiana State Board of Examination and Registration of Nurses is recognized everywhere by the Red Cross, and it requires only a brief period of training to qualify the applicant for a permanent assignment.

—Mrs. John Wallace was among the visitors to Indianapolis today.

Indiana crop report, as in the United States as a whole.

Wheat that last year in September 1 brought \$1.39 a bushel this year on the same date sold for \$2.02. Corn sold at 81 cents last year and this year brought \$1.65. Farmers sold oats last year at 41 cents and this year at 57 cents. The advance in potatoes has not been so marked. Last year September 1 the price was \$1.15 and this year \$1.20. Hay this year was selling for \$13.50 a ton and last year at \$10.30. Eggs were selling for 38 cents September 1 this year and last year on the same date were bringing only 22 cents.

Secretary of the Navy Daniels had three days to read the cablegram telling of the battle between an American fleet, and six submarines off the French coast, but even then he did not read it correctly and the first information he gave out was that the six U-boats had probably been lost. Later, however, he corrected it and said that he had "discovered" that the cablegram said probably only one submarine was sunk. The battle took place September 5, the news was received by Secretary Daniels on September 8 and was not made public until September 11. Probably if Mr. Daniels should keep the news of the next battle secret a week or so, he would be able to tell correctly what happened.

If Mr. Hoover succeeds in straightening out the food situation he will have done a great work. If he fails—well, he can console himself with the knowledge that there always has to be a goat.

# PLACING COUNTRY IN EXTREME PERIL

Critics of Selective Draft Causes Situation Coupled With Unrest Among People

## HARDWICK BILL IS REJECTED

(By United Press.)

Washington, Sept. 12.—Critics of the selective draft are placing this country in "a situation of extreme peril," the senate military affairs committee reported today. Reporting unanimous rejection of the Hardwick bill—preventing dispatch of drafted troops to France—the committee scored the measure, declaring it would disorganize America's army, leave the nation powerless and make it the laughing stock of the world.

"The situation arising out of the spirit of opposition to the selective draft is serious," said the committee "and taken in connection with the unrest among the civilian population growing out of commercial and industrial conditions, strikes in some cases no doubt caused by pro-German sympathizers and propagandists, places our country in a situation of extreme peril at a time when all should be united in a common cause."

## Amusements

An improvement has been made at the Princess theater which is of great benefit to patrons of the theater because it does away with long waits between reels. The Princess has installed another machine so that a continuous show can be given. While one machine is running the other is prepared for showing pictures just as soon as the first one stops.

The Princess offers Ethel Barrymore in "The Awakening of Helen Richie" for the feature picture tonight. It is based on Margaret De Land's famous novel and is said to tell a powerful story. In addition "Pathe News" will be shown. Tomorrow Alice Joyce and Harry Moray will be seen in the feature drama, "Her Secret."

Al Jennings, the once notorious outlaw, will be seen tonight at the Gem in the six reel feature, "Beating Back." It is a story of Jennings' life as revealed recently in a popular magazine. It is said to tell a thrilling story and should prove interesting. Tomorrow Virginia Pearson will be seen in the feature, "Sister Against Sister."

know little or nothing of the revolt until special morning editions of the papers were issued.

The government apparently is confident of its position, as no display of force is being made. Even at the Winter Palace, during the all-night sessions of the Cabinet, no special precautions were taken, although two armored motor cars were stationed in the Palace square. In the yards of houses in the Vyborg quarter, however, soldiers are stationed and small bodies of troops and numerous political agents have been sent to various suburbs of the capital.

## "GONE TO WAR"

"Gone to war. I will appreciate your patronage when I get back." This is the significant sign which will be found on Dr. Hale Pearsey's office door. First Lieutenant Pearsey left this afternoon at 3:30 o'clock for Camp Shelby near Hattiesburg, Miss. He was commissioned first lieutenant in the dental reserve several weeks ago.

# MRS. G. W. FARLOW DIES NEAR MILROY

Expires Following Week's Illness From Intestinal Trouble at Age of 70 Years

## HUSBAND AND 3 CHILDREN

Mrs. Amanda Farlow, 70 years old, wife of G. W. Farlow, died last night at her home, two and one-half miles northeast of Milroy, following a week's illness from intestinal trouble. She had been in a critical condition for some time and her death was expected.

Mrs. Farlow is survived by her husband and three children, Mrs. Phyllora Rust of Everett, Wash., Mason Farlow of Arlington and Dorste Farlow of near Milroy. She is also survived by one sister, Mrs. Lucinda Farlow.

The funeral arrangements have not been made pending word from the daughter in Washington.

## GOES IN OPEN MARKET

# FIGHT FOR YOUR LIFE

Duty Demands Robust Health

Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by ill and all. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a prey to ill after all.

You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, draggy, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the health—powerful and unsurpassed as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hypoferrin contains these mighty strength-producing agents, lecithin-and-iron peptonate, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition, sallow, pale complexion that "all in" feeling and frail bodies are due to lack of lecithin-and-iron peptonate in the system.

Your mental and physical strength and endurance depends upon a lecithin-and-iron peptonate laden blood, steady, dependable nerves and a healthy stomach. With these you can meet life at any angle.

This wonder tonic, hypoferrin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and a boon to run-down, worn-out men and women. Hypoferrin means nature's own way of bringing color to the cheeks, strength to the body and keeping the vigor and buoyancy of youth. The powder and paint way of effecting beauty is not needed by hypoferrin women and girls. Their blood, filled with nature's beauty stores, creates conditions that give firmness and grace to the body and the glow of health to the cheeks.

No need of going through life sickly and always feeling miserable in this age of medical science. Join the hypoferrin ranks. It puts into you the springy snap and vigor you ought to have and puts life into your body and mind that inspires the confidence that you confront the world on an equal footing with anyone. Hypoferrin may be had at your drug store or direct from us for \$1.00 per package. It is well worth the price. The Setauel Remedies Co., Cincinnati, Ohio.

The annual Myer reunion was held at the beautiful country home of Mr. and Mrs. Jacob Myer near Raleigh Sunday, September 9. The large attendance was due to the ideal day, which was chosen for the affair. About one hundred guests assembled at the noon hour and enjoyed the bounteous pitch-in dinner which was served on long tables on the lawn.

Among the guests who were present were: the Misses Vivian, Ethel Adela Myer, Mrs. Mary Myer, Jacob L., Paul and Clyde Myer of Everton, Ind. Mr. and Mrs. Wallace Tee Garden and John Tee Garden of Richmond, the Misses Maud, Elsie, Edna and Ruth Williams and John J., Oris and M. H. After dinner the guests were entertained with music and addresses by members of the family, including a speech by M. L. Myer of Whittier, Cal.

Miss Dorothy Mulno entertained with a knitting party yesterday afternoon at her home in North Jackson street, honoring the girls who will leave for college next week. Miss Dorothy Frazee will go to Butler at Indianapolis, Miss Helen Frazee to Western at Oxford, O., Miss Mary Louise Bliss to Ward Belmont at Nashville, Tenn., Miss Mary Louise Poe to Kansas City, Mo., and Miss Marian Scholl to DePauw at Greencastle. Aside from the guests of honor the Misses Margaret Bell, Marie Clark, Lois Reeve, Dorothy Sparks, Esther Anderson, Katherine Guffin, Kathryn Wyatt and Kathryn Wooden enjoyed the affair. The hostess served dainty refreshments late in the afternoon.

The meeting of the Ladies Aid society of the Methodist church, which met with Mrs. Will M. Sparks yesterday afternoon at her home in North Main street, was marked by a large attendance. Mrs. Sam Young and Mrs. George Young were the assistant hostesses. During the business session officers for the coming year were elected as follows: Mrs. E. O. Arbuckle, president; Mrs. Clara Bebout, first vice-president; Mrs. Jesse Poe, second vice-president; Mrs. Ferd Retherford, treasurer; Mrs. Sam Morgan, assistant treasurer; Mrs. Frank Smith, secretary; Miss Elgie Thomas, assistant secretary; Miss Sadie Williams will have charge of the music. At the close of the meeting the hostesses served a luncheon.

Mrs. J. W. Waite and daughters the Misses Anna and Elizabeth were the hostesses last evening, when they entertained with a six o'clock dinner at their home in North Morgan street. Garlands of lavender and pink asters adorned the table and the places were marked with dainty place cards. All of the appointments of the elegant dinner were in the same delicate colors. Covers were laid for the Misses Harriet and Belle Kerr of Knoxville, Tenn., in whose honor the dinner was given, the Rev. and Mrs. John T. Aiken and Miss Mary Fisher.

Miss Hilda Sunman was the hostess Sunday afternoon, when she entertained with a lawn party at her home in Raleigh. A color scheme of red, white and blue was used in the refreshments which she served. The guests were: Mrs. Harting of Mays, Mrs. Henry Flodder of Batesville, Miss Mildred Banks of Raleigh, Miss Myrtle Wilson and Herbert DeBoyce of this city, Miss Mayme Davis and Earl Clark of Connersville and Mrs. William Sunman, Jr. of Indianapolis.

### FAULT OF DISTRICT BOARD

**State Conscription Agent is Con-  
sulted—Red Cross not to At-  
tempt to Feed Men**

With twenty-six men scheduled to leave Rushville one week from Friday for Camp Taylor, Louisville, Ky., the local board faces a problem of knowing who these men are to be. Thus far the district board has not acted on the Rush county cases and in case no action is taken in time to notify the men, the board here will face the task of picking 26 men who will represent 40 per cent of the county's quota.

The men who are to go on this trip to Louisville should know by this time and in view of this fact the local board was in communication with Jesse Eschbach, state conscription agent, today asking what to do. The state agent informed the board that there was nothing to do but write the district board urging a little more speed and then if results were not obtained for the local board to pick 26 men for the trip.

The board in picking 26 men will have to be careful not to go too far down the list as some one might be sent to the camp at Louisville who was not entitled to go in this increment. With the date definitely set as next Friday, the men should have the official notice at this time. It puts the men in a bad situation as they do not know where they stand. The board here, if word is not received shortly, may ask for volunteers to make up the 26 men, but even then this would be a difficult task as the rules provide that no one not entitled to go in this list shall be sent.

In the official notice notifying the local board that the date for sending the 40 per cent quota is Sept. 21, the local board is urged in so far as possible to make the list contain electricians, cooks, mechanics, clerks or stenographers. This ruling cannot be followed very closely here as the board will not likely know who is going only a short time before the departure and it would be impossible to select the men asked for in the communication.

The men going on this trip to Louisville are urged by the government officials not to wear low shoes and should carry suit cases if possible. The men leaving after 11:30 o'clock in the morning should have had their lunch, according to the official order.

The local board received a letter this morning from Eli Kinney, who was in the first increment to go to Camp Taylor, telling the board that hereafter it would be best not to supply the men leaving here with lunches but to give them meal tickets as they were taken to a restaurant and fed before going on out to the camp. The men leave here at 7:10 in the morning and will thus reach Louisville in time for dinner. The advice of Kinney will likely be followed in sending the 40 per cent to the camp. Kinney stated that he liked the camp very much. Charles Stiffler is in his company and he said that one evening Capt. Perry Oneal of this city visited the boys.

The Rush county Red Cross will not make any effort to serve refreshments to the men bound for Camp Taylor who will pass through here September 21 and 22. In fact, feeding men who are on the way to cantonments is discouraged in a bulletin issued by the government. It is desired by the authorities that no

Rosemary Pfaff Entertainment at  
Christian Church Sept. 25

The entertainment by Miss Rosemary Pfaff, assisted by her father, Mark H. Pfaff, who gives humorous readings, will be held at the Main Street Christian church Tuesday evening, September 25, and all proceeds above the actual expenses will go to the Red Cross. Miss Pfaff, who lives in Indianapolis, is a musical phenom who comes highly recommended. She is extremely talented for one of her age. She will be assisted by an accompanist. The admission fee will be 25 cents. Mrs. Will Meredith made it possible to get Miss Pfaff here.

## MERCHANT KEEPS CHANGE ON ACCOUNT

**John B. Morris Charged With Petit  
Larceny by Frederick Boxley  
Who Gave \$10 Bill.**

### BOUGHT NAILS FOR 5 CENTS

An affidavit charging petit larceny was filed in police court today by Frederick Boxley, piano dealer, against John B. Morris, hardware merchant. The date for the arraignment has not been set. Boxley alleges that he purchased five cents worth of nails yesterday at the Morris store and tendered Mr. Morris a \$10 bill in payment. Instead of giving him his change, Mr. Boxley alleges Mr. Morris applied the balance of \$9.95 on an account he owed him, and thus charges Morris with taking the \$9.95.

Mr. Morris contends that the account was an old one and that this was the first opportunity he had had of collecting it. The right of a merchant to collect money in this method will likely be determined in this case.

### DINNER IN NEW BASEMENT

The Rev. G. M. Whitenack of the Knightstown Presbyterian church was elected moderator of the Whitewater Presbytery at the semi-annual meeting at Clarksburg yesterday. The Rev. D. Ira Lambert of the First Presbyterian church of this city attended.

Dr. Frank Hood of Indianapolis and Dr. Grossman of Franklin delivered addresses yesterday morning and a business meeting was conducted during the afternoon.

The basement to the Clarksburg church has just been completed and dinner was served in it for the first time yesterday. Thirty-one visiting ministers and fifteen elders enjoyed the dinner.

The retiring moderator, Dr. D. R. Moore of Dunlapville, spoke at the opening session Monday evening and a musical program was given.

### NOTICE TO H. S. PUPILS

S. F. Stewart, principal of the high school, announced today that pupils entering high school for the first time or those who have failures or any other irregularities are asked to report at the high school office between 10 and 12 o'clock either Thursday or Friday.

Robert Pitman, age eight years, son of Mr. and Mrs. Ed Pitman, was bitten in the face by Harry Kramer's dog in front of the Kramer residence yesterday, but will not suffer any serious results from the injury.

## GLOWING TRIBUTE TO COL. E. H. WOLFE

**Resolutions Are Adopted at Annual  
Reunion of His Regiment, 52nd  
Indiana Volunteers**

### IS HELD AT CASTLETON, IND.

**Six Survivors in This County, But  
Only One is Able to Attend  
The Gathering**

Jabez Smith has received a copy of the resolutions adopted on the death of Colonel E. H. Wolfe at the annual reunion of the Fifty-second Indiana volunteers, his regiment in the civil war, which was held at Castleton, Ind., last week.

Alfred Pearsey was the only survivor of the regiment in this county who was able to attend. Other members of the regiment living in this county are: Jabez Smith, Harrison F. Carney, Mell Brooks, Patrick McLaughlin and Drury Holt of Carthage. W. S. Conde of California, formerly of this city, is also a survivor of Col. Wolfe's regiment.

Glowing tribute was paid to the late colonel in the following resolutions which were adopted by the survivors of the regiment:

From the survivors of the 52nd Ind. Volunteers.

To the people of Rushville, Ind., and all others who may have known Colonel E. H. Wolfe late of the 52nd Indiana Volunteers.

At the 29th annual reunion of the survivors of Colonel Wolfe's regiment, it being the first opportunity since the death of our lamented Colonel, a committee was appointed to place on file resolutions of the deep sorrow that his death caused his survivors and to tell the people of Rushville and all others of the high esteem in which we held our Colonel. The committee feels itself incompetent to do this duty right. As a soldier he was highly competent and fearless.

We first met Major Wolfe in the trenches of Fort Donelson. Two regiments having been consolidated and hurried to the field, we did not know each other until after the battle of Fort Donelson. The impressions that the Major made there will last in memory. We followed him to Shilo, Corinth, to Memphis and up and down the Mississippi river from Columbus, Ky., to the mouth of Red River where duty was very hazardous. Colonel Wolfe did the duty with much credit to himself and regiment.

We followed him in that hard and long campaign from St. Louis to Kansas City, back to Nashville, Tenn., where the valor of Colonel Wolfe was again felt by the enemy. At the head of his brigade he was two days actively in front. He led his brigade, his own regiment in front, directly in front and past the enemies' artillery when they were doing death rapidly. We cannot do justice to his ability and courage here and elsewhere. Here he again made lasting impressions on the minds of his followers. He will be remembered as long as one of his regiment lives.

P. L. NEGLEY,  
Chairman of Committee.

## TWO AIRSHIPS COLLIDE

**Meet 400 Feet Above Ground and  
Pilots Killed at San Diego**

San Diego, Cal., Sept. 12.—Edward M. Walsh and Theodore E. Lyman, privates in the United States signal corps, were killed here today in one of the most sensational aviation accidents in American history.

Aeroplanes piloted by the two men crashed together 400 feet above the earth. Both machines burst into flames and fell to the ground. From the blazing mass the men were recovered. Both were dead. An investigation board has started work.

## CLASH EXPECTED AT ANY MOMENT

**Russian Provisional Government  
Troops And Gen. Korniloff's For-  
ces Advancing**

### APPROACHING TSARKO SELO

**Progress of Rebel's Men 20 Miles  
From Petrograd Stopped By  
Sharpshooters**

### BULLETIN

(By United Press.)  
Petrograd, Sept. 12.—The provisional government has proclaimed a state of martial law.

By WILLIAM G. SHEPHERD  
(U. P. Staff Correspondent.)

Petrograd, Sept. 12.—Tsarko Selo, where the czar formerly spent most of his time may be the scene of the first big clash between General Korniloff's rebels and the provisional troops.

Reports received here today said the revolting forces were advancing rapidly towards that point—20 miles from the city—and that a clash was expected.

Progress of Korniloff's forces was stopped at one point 20 miles beyond the city by 1,000 government sharpshooters, according to word received here.

In another direction the encircling attempt of Korniloff's rebels has reached 19 miles from the city.

Reports asserted that Gen. Klembovsky, commander of Russia's army, has joined Korniloff.

General Korniloff plans to place the head of the Dolgorouki family on the throne of Russia, according to reports received here.

One member of that family is now in exile with the former czar at Tobolsk, and presumably it is this representative of the family which the revolting general aspires to put into power. He is one of the great, est nobles in Russia.

The government is still without news concerning the military situation. A further report is to the effect that at 10 o'clock Monday night two columns of Korniloff's troops entered Gathicna, thirty-five miles from Petrograd, without opposition and that other forces are moving or Tosno, with the aim of cutting the Petrograd railroad. During the night telephonic communication with Tver (central Russia) ceased.

It is stated that former Minister of War Sayinkoff intends to command the government troops, the other generals having refused to do so, while Gen. Klembovsky, commander of the northern army, has now definitely championed Korniloff's cause.

The army of Gen. Korniloff operating against the capital is believed to consist of the following: Several Cossack regiments, the First Cavalry Corps, the "Savage Division," Tekke-Turkoman horsemen, a so-called "striking battalion" of picked men organized to fight against Germany, so-called Korniloff's battalion, railroad and sapper units heavy artillery of four divisions and some batteries of light artillery.

The artillery troops are in command of Gen. Koymef, former commander of a cavalry corps.

Conditions in the city are chaotic and the new republic, faced with civil war in addition to military collapse on the German fighting front and with its leaders in Petrograd menaced by traitors and anarchists, appears tottering on the verge of complete disaster.

Rumors have been circulated that Premier Kerensky has been killed by a member of the Bolsheviks, but they can not be confirmed.

It is too early to determine the sentiment of the masses, although it is believed they will remain loyal to Kerensky. So sudden has been the reshaping of conditions following Gen. Korniloff's attempted coup that even the population of Petrograd

## DRAFT CAUSES MAN TO TRY SUICIDE TODAY

Walter Graham, son of Mr. and Mrs. Joe Graham of the Pin Hook neighborhood south of the city, attempted suicide this afternoon about three o'clock and is not expected to live long. He shot himself through the head with a revolver. He was of draft age and it is said that the prospect of going to the army so preyed on his mind that he became unbalanced mentally and tried to take his life. Word from his home at four o'clock was that he could not survive.

## GERMAN CHARGE IS HANDED PASSPORTS

**Count Luxburg is Dismissed by Ar-  
gentina Today, Which Was  
Foregone Conclusion.**

### OUT OF CITY UNTIL TODAY

By CHARLES P. STEWART  
(U. P. Staff Correspondent.)

Buenos Aires, Sept. 12.—The Argentine foreign office today handed passports to Count Luxburg, the German charge.

Dismissal of the German envoy had been a foregone conclusion since the United States revealed his correspondence with Berlin, conducted secretly through the agency of the Swedish embassy. Luxburg was out of the city at the time the matter was made public and only returned to the capital this morning. He had an interview with the foreign minister early in the day and then departed for the German legation.

## MAY ANGLE FOR A SEPARATE PEACE

**Germany and Austria May Seek  
Terms With United States Ir-  
respective of Allies**

### REPORTS ARE REACHING ROME

By JOHN H. HURLEY  
(U. P. Staff Correspondent.)

Rome, Sept. 12.—Germany and Austria may angle for a separate peace discussion with America in their reply to Pope Benedict's peace note.

Vatican information today said there was reason to believe that the German government was speculating how long the allies would be guided by President Wilson, the spokesman of a nation which was not a party to the London compact pleading no separate peace.

Coupled with this came reports today that there was considerable agitation in Austria for a separate diplomatic discussion with President Wilson through some neutral agency.

## GOV. GOODRICH IS WORSE

**Suffers Hemorrhage, But His Con-  
dition is Not Alarming.**

(By United Press.)

Indianapolis, Ind., Sept. 12.—The condition of Governor James P. Goodrich, suffering from typhoid fever, took a sudden change for the worse early today. The executive suffered a nervous collapse which, with the high fever made his condition extremely serious.

The governor suffered an intestinal hemorrhage along with the nervous breakdown. "The condition of Governor Goodrich is not alarming," said Dr. Charles R. Sowders, attending physician this afternoon. "He has improved some during the day and is resting easier now than for several days. There is no immediate danger. The nervous condition has been relieved somewhat."

## PATRIOTIC AIR AT FAIR

**Horace Ellis Appeals For Support  
of War and Indianapolis Man  
Sells New Song**

### PRIZES ARE AWARDED TODAY

**Indications Crowd Would be up to  
Standard for Wednesday—Red  
Cross Display**

A patriotic air was lent to the Rush county fair at its opening today by a speech by Horace Ellis, state superintendent of public instruction, and by the sale of a new song, "Good-By My Soldier Boy," by W. W. Gregg of Indianapolis, whose wife composed the song. All proceeds above the expenses will remain here and be added to whatever soldiers mess fund it is desired it shall go to.

The crowd was small at noon, only a few hundred people in the grand stand hearing Mr. Ellis, but by one o'clock people began to go from Rushville and the usual Wednesday crowd was indicated.

Prizes were awarded on table luxuries, poultry, draft horses, beef breeds of cattle, jacks and mules, farm implements and lady's fancy handiwork. One of the best shows of draft teams ever seen at the county fair was made this morning.

The Connorsville boys band is playing for the fair and played the accompaniment for "Good-By My Soldier Boy," when Mr. Gregg sang it. Boy Scouts sold the song at ten cents a copy on the grounds and one Boy Scout and Mrs. Gregg received the proceeds.

Thursday, as usual, will be the big day at the fair and preparations are being made for a big crowd. The custom of business houses closing to allow their employees to attend the fair will be followed.

The state superintendent of public instruction did not mince words in discussing loyalty to the government and the men of the United States who are and soon will be fighting the battles of this country. He said he was not a clergyman, but that he was going to take a text anyway.

"The big thing to realize now is," he declared, "may I have a part in the great defence of democracy that is being undertaken not only by this nation but by many others as well."

He asserted that the farmer, business man, teacher or even boy or girl who has not the idea, in their daily tasks, of doing their bit in the war, are just plain slackers.

"The big thing to know," he continued, "is that we have something to do like Joshua of old who left nothing undone as he was commanded to do."

Mr. Ellis told of experiences in Canada, where he has been on a speaking trip. At one place, Mr. Ellis said, he noted there were very few men and mature women and he inquired about it. He said he learned that the men who could fight were on the firing line and that the women were working with the Red Cross or in convalescent hospitals.

"I never found a man or woman," he exclaimed, "who had a strain of that hell-inspired, hell-acclaimed song, 'I Didn't Raise My Boy to be a Soldier.'"

"If Canada does this, Indiana should do it. I found three young men from the United States in Canadian uniforms and asked them why they were fighting in Canada. One of them said: 'Our country so long delayed entrance into this war which was our war as much as Canada's, that we enlisted with the Canadian troops.'"

Mr. Ellis said he asked them if they intended to join the forces of the United States now that she was in the war, and that they replied that they did not because they

## CAN'T FORM A NEW CABINET

M. Painleve Promises to Try to Clear up French Muddle

Paris, Sept. 12.—M. Painleve reported today he had been unable to form a new cabinet. The president urged him to continue his efforts. He consented to try again. Presumably Painleve's failure has been due to a lack of support of the socialists. It was this lack of social support which caused the downfall of the Ribot ministry.

### START FIGHT ON VICE

Gary, Sept. 12.—Active warfare against vice conditions in Gary has been started here by a "Committee of Fifteen." The committee has received its charter from the secretary of state at Indianapolis, and plans have been formulated for a continuous fight against immorality.

Prominent business men and manufacturers of the city are backing the movement.

### PATRIOTIC DAY IS HELD AT RUSH COUNTY FAIR

Continued From Page 1

would not leave the comrades which they had learned to love.

"Just as the spirit of '76 and '61 demanded sacrifices in those days," the speaker declared, "just so much does the spirit of 1917 demand sacrifices of the mothers and fathers and the boys and girls. You will be untrue to the ideals established by the men who made Rush county's history and Rush county's record in the civil war if you put a straw in the way of the young men who are about to enlist. The finest privilege accorded a man today is to be at the age where he can enlist. Some of them are coming back and they will be wearing diamonds—I mean by that they will be so regarded by their fellowmen that they will be wearing a crown studded with diamonds.

"Rush county enjoys a unique position in the very forefront because of the sacrifices she made in '61. We fought the great struggle in '76 to get democracy. We fought in '61 to keep democracy alive and in 1917 we are fighting to make the world safe for democracy and I know Rush county will do her part as she has always done.

Mr. Ellis declared that the war

would not end until the allies had crossed the Belgian border and had dictated terms of a permanent peace.

"It is a question of might or right triumphing," he declared, "and those who oppose the draft law or any other policies of congress or the government are taking the side of might.

In closing, Mr. Ellis said he heard sorrowful news just before leaving Indianapolis—that Governor Goodrich was worse today. With deep feeling he told how Governor Goodrich had worked so zealously that Indiana might do her part in the war, that he had wasted his strength and fallen sick.

The Red Cross has an unusually interesting display in a big space at the east entrance to the floral hall. The idea of setting up a work shop in the floral hall during the fair was abandoned because it was decided to be too big an undertaking. In addition to that, the light in the floral hall is bad and it is very chilly because there is no means of heating the place.

Included in the exhibit are forms dressed with garments made at the Red Cross shop here. There are samples of every sort of hospital supplies and garments as well as surgical dressings. In the display are samples of the knitting sets which the Rush County Red Cross is making. The surgical dressings are displayed in a show case.

Red Cross workers will be at the exhibit all the time during the fair to explain the Red Cross work and solicit the aid of women who have been working with the Red Cross. It will be explained that women do not have to go to Red Cross headquarters here or to the Red Cross auxiliaries in their neighborhoods to work, but that they may do some forms of sewing and knitting at home.

Membership in the Red Cross will also be taken at the display if there are any who care to join. Word has been sent to all of the auxiliaries about the exhibit and they have been requested to spread the news so that no one will miss seeing what is being done by the Red Cross.

## PLANS MADE TO DEAL WITH COAL PROBLEM

**Conservation Campaign and Advisory Board to Aid Fuel Administrator Among Them.**

**CONTROL TO BE LAST RESORT**

(By United Press.)

Washington, Sept. 12.—A great coal conservation campaign and advisory board from the coal industry to aid fuel administrator Garfield and priority relief to some sections of the country are among the government plans for dealing with coal prices.

This it was asserted today is in addition to the announced policy of speedy solution of the price problem by state fuel mobilization of coal transportation and production.

The campaign will be started immediately. If everything else fails the coal produced will be pooled under government control and distributed by the government where most needed.

**Protecting the Guardsmen**

An effort is being made to better the welfare of national guardsmen who are in camp at Hattiesburg, Miss., according to the News of that city. Among other things the Hattiesburg council has enacted an ordinance to curb the social evil. This will be welcome news to the people of Rush county as this county has sent over a hundred young men there and the people here expect everything possible be done for their welfare. In speaking of the passing of the ordinance, the News says:

In their efforts to stamp out the social evil in every form the city commissioners have taken another step in passing an ordinance which forbids the transportation or bringing together of persons for lewd purposes within the city limits of Hattiesburg.

According to the law which was published for the first time yesterday it will be unlawful for owners or drivers of any kind of vehicles "to transport, offer to transport, to aid or assist in transporting directly or indirectly any person or persons in, on, over or through the streets, alleys or public ways of Hattiesburg by means of automobile or other vehicle for purposes of lewdness, assignation or prostitution or for any other unlawful or immoral purpose."

Section 2 of the new law provides that it shall be unlawful to bring together or assist in bringing together two or more persons for any immoral purposes within the corporate limits of Hattiesburg.

Any person convicted of violating the new law shall be liable to a fine of not less than \$25 nor more than \$100 or imprisonment for thirty days or both fine and imprisonment.

The new law has come into force with its publication and any person found guilty of violating it will immediately be dealt with according to its provisions.

The ordinance was suggested by I. C. Sutton, the representative of the war department of training camp activities who is detailed here in connection with Camp Shelby.

**How Farm Products Have Advanced**

A comparison of leading farm products a year ago September 1 and the same date this year reveals the remarkable advances which have been made, even after prices had reached a new high level because of the war. The increase has been as marked in Indiana, according to the

**EXAMINATION IS HELD FOR NURSES**

**Insistent Demand Leads States Defense Council to Examine Students For Service**

**THEY MUST BE REGISTERED**

(By United Press.)

Indianapolis, Sept. 12.—To meet the insistent demand for nurses for service during the war, the Indiana state Council of Defense today ordered special examinations of candidates for registration. The examination will be continued tomorrow.

Ordinarily, the examination of student nurses would have been set for Dec. 1, but the demand for nurses by the various hospital units now being organized, and from those already in the field, influenced the state council to act to meet this need.

The Red Cross accepts only registered nurses for war service, members of the defense council pointed out today, and it is essential therefore that patriotic Hoosier young women who wish to serve, obtain their credentials before leaving home. A certificate from the Indiana State Board of Examination and Registration of Nurses is recognized everywhere by the Red Cross, and it requires only a brief period of training to qualify the applicant for a permanent assignment.

Indiana crop report, as in the United States as a whole.

Wheat that last year in September 1 brought \$1.39 a bushel this year on the same date sold for \$2.02. Corn sold at 81 cents last year and this year brought \$1.65. Farmers sold oats last year at 41 cents and this year at 57 cents. The advance in potatoes has not been so marked. Last year September 1 the price was \$1.15 and this year \$1.20. Hay this year was selling for \$13.50 a ton and last year at \$10.30. Eggs were selling for 38 cents September 1 this year and last year on the same date were bringing only 22 cents.

Secretary of the Navy Daniels had three days to read the cablegram telling of the battle between an American fleet and six submarines off the French coast, but even then he did not read it correctly and the first information he gave out was that the six U-boats had probably been lost. Later, however, he corrected it and said that he had "discovered" that the cablegram said probably only one submarine was sunk. The battle took place September 5, the news was received by Secretary Daniels on September 8 and was not made public until September 11. Probably if Mr. Daniels should keep the news of the next battle secret a week or so, he would be able to tell correctly what happened.

If Mr. Hoover succeeds in straightening out the food situation he will have done a great work. If he fails—well, he can console himself with the knowledge that there always has to be a goat.

"No it's not a big thing," replied his son. "It's a little thing."

# PLACING COUNTRY IN EXTREME PERIL

Critics of Selective Draft Causes Situation Coupled With Unrest Among People

## HARDWICK BILL IS REJECTED

(By United Press.)

Washington, Sept. 12.—Critics of the selective draft are placing this country in "a situation of extreme peril," the senate military affairs committee reported today. Reporting unanimous rejection of the Hardwick bill—preventing dispatch of drafted troops to France—the committee scored the measure, declaring it would disorganize America's army, leave the nation powerless and make it the laughing stock of the world.

"The situation arising out of the spirit of opposition to the selective draft is serious," said the committee "and taken in connection with the unrest among the civilian population growing out of commercial and industrial conditions, strikes in some cases no doubt caused by pro-German sympathizers and propagandists, places our country in a situation of extreme peril at a time when all should be united in a common cause."

## Amusements

An improvement has been made at the Princess theater which is of great benefit to patrons of the theater because it does away with long waits between reels. The Princess has installed another machine so that a continuous show can be given. While one machine is running the other is prepared for showing pictures just as soon as the first one stops.

The Princess offers Ethel Barrymore in "The Awakening of Helen Richie" for the feature picture tonight. It is based on Margaret De Land's famous novel and is said to tell a powerful story. In addition "Pathe News" will be shown. Tomorrow Alice Joyce and Harry Morley will be seen in the feature drama, "Her Secret."

Al Jennings, the once notorious outlaw, will be seen tonight at the Gem in the six reel feature, "Beating Back." It is a story of Jennings' life as revealed recently in a popular magazine. It is said to tell a thrilling story and should prove interesting. Tomorrow Virginia Pearson will be seen in the feature, "Sister Against Sister."

know little or nothing of the revolt until special morning editions of the papers were issued.

The government apparently is confident of its position, as no display of force is being made. Even at the Winter Palace, during the all-night sessions of the Cabinet, no special precautions were taken, although two armored motor cars were stationed in the Palace square. In the yards of houses in the Vyborg quarter, however, soldiers are stationed and small bodies of troops and numerous political agents have been sent to various suburbs of the capital.

## "GONE TO WAR"

"Gone to war. I will appreciate your patronage when I get back." This is the significant sign which will be found on Dr. Hale Pearsey's office door. First Lieutenant Pearsey left this afternoon at 3:30 o'clock for Camp Shelby near Hattiesburg, Miss. He was commissioned first lieutenant in the dental reserve several weeks ago.

# MRS. G. W. FARLOW DIES NEAR MILROY

Expires Following Week's Illness From Intestinal Trouble at Age of 70 Years

## HUSBAND AND 3 CHILDREN

Mrs. Amanda Farlow, 70 years old, wife of G. W. Farlow, died last night at her home, two and one-half miles northeast of Milroy, following a week's illness from intestinal trouble. She had been in a critical condition for some time and her death was expected.

Mrs. Farlow is survived by her husband and three children, Mrs. Phyllora Rust of Everett, Wash., Mason Farlow of Arlington and Dorste Farlow of near Milroy. She is also survived by one sister, Mrs. Lucinda Farlow.

The funeral arrangements have not been made pending word from the daughter in Washington.

## GOES IN OPEN MARKET

Hartford City, Sept. 12.—Hartford City will buy its coal supply for the coming winter in the open market. City officials so decided after bids had been received from the coal operators. The bids were so high that the authorities believe they can save the city money by buying in the open market.

lunches or meals be served the conscripted men by any organizations because it disorganizes the government's plans. Each man who goes to a cantonment is provided with a meal ticket which will supply him with enough food for the trip.

The Red Cross chapter a few weeks ago received a telegram in which it was requested that canteen committees be organized and held in readiness for serving refreshments to any soldiers which might pass through here. The Red Cross, however, will have committees ready to meet any emergencies which might arise, such as sickness of men or anything of that sort.

# FIGHT FOR YOUR LIFE

Duty Demands Robust Health

Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by ill and ails. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to star its course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a prey to ill after all.

You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, draggy, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hypoferrin contains these mighty strength-producing agents, lecithin and iron peptonate, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition, pallor, pale complexion that "all in" feeling and frail bodies are due to lack of lecithin and iron peptonate in the system.

Your mental and physical strength and endurance depends upon a lecithin and iron peptonate later blood, steady, dependable nerves and a healthy stomach. With these you can meet life at any angle.

This wonder tonic, hypoferrin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and a boon to run-down, worn-out men and women. Hypoferrin means nature's own way of bringing color to the cheeks, strength to the body and keeping the vigor and buoyancy of youth. The powder and paint way of effecting beauty is not needed by hypoferrin women and girls. Their blood, filled with nature's beauty stores, creates conditions that give firmness and grace to the body and the glow of health to the cheeks.

No need of going through life sickly and always feeling miserable in this age of medical science. Join the hypoferrin ranks. It puts into you the springy snap and vigor you ought to have and puts life into your body and mind that inspires the confidence that you command the world on an equal footing with anyone.

Hypoferrin may be had at your drug store or direct from us for \$1.00 per package. It is well worth the price. The Sontanel Remedies Co., Cincinnati, Ohio.

The annual Myer reunion was held at the beautiful country home of Mr. and Mrs. Jacob Myer near Raleigh Sunday, September 9. The large attendance was due to the ideal day, which was chosen for the affair.
